

Press Release

83/2023

Key to predicting heat events in Central Europe

GEOMAR study on atmospheric patterns and sea surface temperatures

12 December 2023/Kiel.

Krüger, J., Kjellsson, J., Kedzierski, R.P. and Claus, M., 2023. Connecting North Atlantic SST Variability to European Heat Events over the Past Decades. *Tellus A: Dynamic Meteorology and Oceanography*, 75(1), p.358–374. <https://doi.org/10.16993/tellusa.3235>

Funding:

J.Krüger was supported by JPI Climate & JPI Oceans (ROADMAP, grant 01LP2002C).
